Joe Blaney - 1979-80 year book.

Joe,
You're a real
scary guy & I'm glad
you're so nice to me by calling
me - slime - etc.
You owe me a mellow-cream
pie from last year when
you were starving (sorry it's so sloppy
the bus) Love
KAREN
BUCKHARTSMIER

Joe, You a really sweet guy I met this year. It's a shame I didn't meet you sooner, you're the kind of person I like for a friend. Sorry, don't mean to "brown-nose" you. Hope we get to become better friends now that we have a class together. Remember the Hammond High & Bishop Noll game. Will ~~the~~ remind you, ~~the game we went to~~ Shakey's ~~after~~ afterwards and I bored you the whole time. And then I had to get a ride from someone I didn't know. At least, I know that person now. ☺ By the ways, you probably thought I was a "really, really weird" person ~~you~~ at the game, right? Now, you don't have to think ~~your~~ anymore, you know that I am "really, really weird." Sykes! Hope we can become better friends this school year and then I'll write you a few books with about 1 million pages volumes. Love always,
Danine Kostic

Joe
I just got to know you good this year but I'm glad I did. You're a really nice guy who has a real great personality. I'm glad we met each other. I hope being the next ~~year~~ years with you will be as great as this year was. I'll like to see you always. Friends be friends always.
Friends,
Jackie Cuny

Joe
A really nice guy who has a real great personality. I'm really glad we met each other. I hope we really have great friendship. great years ahead.
Always
Fun
Barbara

I almost forgot, You know what the "a" is for. Just because I couldn't find anything else to write. Sorry!

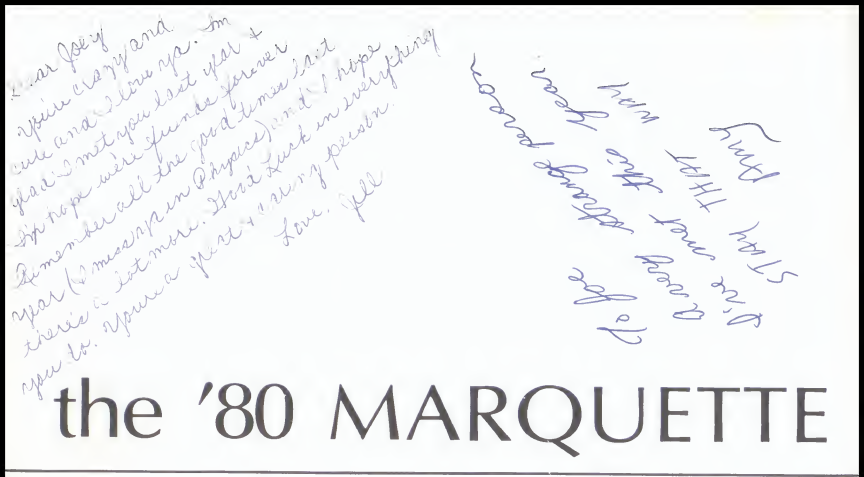

Joe, It is such a pleasure to have in first hour.
I always look forward to seeing you every
morning. Oh, just shut up, damnit. Anyway,
I wish you the the best of luck with
your future and w/ the girls. Love ya!
RMAF forever.
Karyn

Joe,
It was nice
know you in
French. Stay sweet,
funny, crazy and
perverted. Good luck
in the future.
Friends always
Kathy Mcleod Arnold

Joe,
Thanks for everything. Remember second
season last year. How could
you forget it was so great
having a friend like you
Joe who we nobodies. I mean
for your so cool. Love and kisses
Mike
XOXOXOXO

Dear Joe,
You're crazy and I love you. In
one and a half years + 2 months
place I met you (best year ever
I hope we're friends forever
Remember all the good times (not
year (10 messages in Physics) and I hope
there's a lot more. Have luck in everything
you do. You're a great person.
Love, Jill

To Joe;

A swell guy who I am honored to know.
As I recall we met in swimming class last year.
It was fun and the future years attending Noll shall
also be really great. It's friends like you which
make Noll a really great place to be. Well good
Luck in the Last 2 1/2 years of High School!!
We have a lot to look forward to but never forget
the past memories

TITLE PAGE

What do you like best about Noll?

"My best days at Noll have been while participating in athletics. It has given me a felling of belonging and a sense of 'unity through competion'. No matter what one does, be it academcally or athletically, one must be involved!"

Roderick Moore, Class of '80

"I like Noll's basic premise for its existence: to recognize the human spirit's potential and the quality of all, as they advance in social, spiritual and scholastic endeavors."

Miss Suzette Boulais, Faculty

"The school spirit! There's always something to be involved in. Almost everyone participates in some activity . . . it gives you a chance to meet new friends."

Bill Berge, Class of '81

"At Noll, you can make friends with people of different backgrounds and religions. Everyone is someone special. You can be what you want to be. You feel important at Noll."

Lucy Chapa, Class of '82

"At BNI there aren't any special 'cliques'. I love how Sophs., Jrs. and Srs. accept me. Another quality that Noll possesses is the Bishop Noll 'atmosphere'. This is something that I can't put into words. It's something that has to be experienced."

Peter Hehemann, Class of '83

If the shoe fits . . .

Great things don't change much and that is probably what makes them so good. Take your favorite shoes, for instance, aside from the fact that they are ripped at the toe, completely covered with mud and smell like the inside of a gym locker, they are still the best shoes you've got. And when you've got something good, you stick with it.

Can you remember the last time you washed your favorite pair of jeans? You probably wear them so much that you've forgotten. They really are comfortable and no matter how many patches it takes to keep them together, it's worth it.

Bishop Noll is alot like your favorite shoes and your favorite jeans—very comfortable. You wouldn't change schools because BNI fits too well to just give up. The Noll Experience doesn't change either, because it works. It combines community spirit and education and somehow makes everything come out comfortable.

Right: Chris Meyers takes a break while rehearsing for the Christmas Concert.
Below: Freshman fans get ROWDY.

Not many schools in the nation can combine comfortable with extra-curricular activiteis the way the Warriors can and still come out successful.

Not many can boast that their Frosh football team went undefeated, nor can they brag that their girls basketball team swept their sectional or that their boys' swim team took conference. The other schools cannot say that they have a finer group of vocalists and musicians or that they regularly donate their time to help the aged or the diseased. Most of them can't even say that their club memberships are increasing. But we can.

We can accept the challenge to keep up our grades and get involved at the same time, even if it means cramming before finals. We dare to be different; dare to be called individuals rather than fad followers. Most importantly, we dare to be comfortable in an age where reform is the rule rather than the exception. And like those favorite shoes, the more you break them in the better they feel. You just can't give them up!

Opposite page right: Randy Wingis #35 faces the opponent during the jumpball.

What makes Noll so different?

"BNI is different from other schools because we are a family that cares for each other. There are many activities at BNI which allow everyone to participate in the school community."

Paula Hagler, Class of '83

". . . its commitment to a fine, Catholic education is recognized and well-known. For almost six decades the quality of a BNI education has been the pride of students, alumni and othe segments of the Noll community."

Mr. Ceasar Queyquep, Faculty

"Bishop Noll is more than just a school, it is a place open to all who are willing to share relationships and grow. The sharing of knowledge, respect and encouragement is constantly seen at BNI. People care about you here; they see you as a person."

Mitzi Hope Garcia, Class of '81

"The attitude people have toward Noll is reflected by the students who come here. Kids who go to Bishop Noll are proud of their school and enjoy being a part of it."

Tim Campbell, Class of '82

"Unlike other high schools, Bishop Noll provides a spiritual environment and a family-type atmosphere. The faculty and administrators take a deep sense of pride in the academic and moral education of each individual, thus making it a 'home away from home.'

Chris Kolbus, Class of '80

Walk on By

Can you tell where a person is going just by looking at his shoes? Sure, the guy with the cleats is an athlete on his way to a game, right? Wrong. Shoes can be misleading. That guy is the star of the 1979 Noll musical production of **Damn Yankees**.

Most times, though, feet can be a dead give-away. Take, for example, that guy with the cowboy boots, he is on his way to Homecoming 1980: "Trails to our Horizons". Those high sandals next to his belong to his date.

Prom and Turnabout sport many of the same shoe styles, except that they are in different seasonal colors. They are all rather dressy and most times brand new, making those poor feet just a little uncomfortable. It makes you appreciate those ol' reliables even more.

Those times when we need to relax and let-go, retreats give us the opportunity to shed our shoes, for awhile, at least. Returning to school, we are ready to great old friends and those favorite shoes. Could we ever live without them?

Left: Rushing toward the end zone Warriors advance for, yet, another Homecoming touchdown.

IN THE BEGINNING . . .

Slightly confused frosh wait endlessly in infinite lines to pick up schedules, buy books and pay tuition. Already acquainted upperclassmen enter the familiar building that has come to be known as "their school"; excited to see old friends and so interested in making new friends. Somehow, everyone is seemingly indifferent to the reality that school is just around the corner; another academic year is about to begin.

During the fifth week of school the entire student body gathered in the fieldhouse to celebrate and affirm the primary reason that Bishop Noll exists—to promote friendship and awareness of others. The priests of BNI con-celebrated the Mass and assisted Bishop Grutka in Communion, readings, singing, etc. The Concert Choir, under the direction of Fr. Winterlin, lead the student community in the vocal part of the Mass. This celebration marked the beginning of the "spiritual year" at Noll.

Tryouts for the Fall Musical, Damn Yankees, began on the third day of the 79-80 school year, with a meeting held (cont'd next page)

This marks the start of endless days of voice testing, reading and anticipation; hoping that your name will appear on the "Entire Cast List" that will be posted on the door of the auditorium. It does seem to be a very insane ritual, yet it is all worthwhile. In the end, what is enjoyed the most is the friendships that are made and the togetherness shared by all, making all the hard work fun.

So, orientation—social, spiritual and academic—was all that we hoped it would be; an exciting beginning to an exciting school year in a brand new decade!

Below: The baseball players tell Gloria that, in spite of their losses, they've got "heart".

Work on Damn Yankees started almost as soon as school did. With performance dates set for November 9, 10, 11, 16, 17 and 18, a tight schedule had to be established and kept. Presenting a play can be compared to putting a giant jigsaw puzzle together. All the pieces are jumbled at first; but slowly, painstakingly, all the many parts start fitting together and taking shape. Much time, effort, patience and perserverance is needed to build the production-one missing piece can mar the whole appearance. Ultimately, however, they all come together and form a beautifully glorious picture.

Under the careful guidance and direction of Mr. Malczak, director; Fr. Winterlin, choral director; Mr. Lesniak, orchestra director; and Miss Capellari, costume and make-up co-ordinator, Damn Yankees took shape. Casting was done, vocal and dancing choruses formed, sets designed and constructed, costumes made, danced choreographed, make-up, props and lighting proposed. Then came the long, endless rehearsals to achieve excellence and professionalism. Getting involved in a play at Noll requires a total commitment, rehearsing after school, evenings and weekends. You live, sleep and eat Damn Yankees. It's truly a labor of love, however, because something magical and wonderful begins to happen to the cast and crew. They begin to feel a commitment toward one another; they support and affirm each other, and become a productive, caring family unit. Each is eager to help and aid the others to be great!

Damn Yankees, the Noll tradition of excellence. There may have been moments of disappointment, even despair, but everyone from the "seasoned senior" to the "frightened freshman" met the challenge and proved beyond a doubt that they had "heart".

The entire cast comes out for a final bow. **Front row**: Jim Ferro, Bill Berge, Tom Fife, Joe Ortega, Scott Rose, Tom Daly, Ed Brown, and Mark Rathburn. **Back row**: Kathy Stein, David Kasper, Larry Tomaszewski, Jill Kozak, Cheryl Macocha, Joan Dettmer, Deanna Niedenthal, Debbie Jakubielski, Candy Trotman, Jeanna Hoess, Sue Pastrick, Mark Skertic, Laura Onohan, Joe Kruzan, Julio Alonso, Terri Pelletier, Elaine Brown, Todd Hutchen, Tim Lorman, Joe Palla, Sue Siegler, Maritza Lopez, Roselyn Gabrys, Diana Kapnas, Mary Helen Nichols, Sue Murphy, Jim Chute, Terri Wolf, Cathy Barna, Lori Gradek and Cindy Niemiec.

Homecoming Madness

As the drums echoes its war chant a young warrior gazes across a grid marked prairie. The anticipation mounts as he ponders the upcoming battle-his last homecoming game.

The scene was set, the time and place were exact. The final ingredient was then added, a warrior victory. On October 5, the Bishop Noll Warriors triumphed over the Gavit Gladiators with a score of 29 to 0. In addition to this victory, at halftime the 1979 homecoming queen, Patty Roque, was crowned and members of her court were introduced: Judy Evans, Becky Kerger, Karen Stack, and Jackie Young. The events at the game, however, were only highlights of the 1979 Homecoming "Trails to Our Horizons."

The planning of Homecoming began many moons ago. Throughout the summer, work-sessions were held by chairperson Karen Stack and co-chairpersons Patty Roque, Nancy Moss, and Jackie Young. They worked to create a western atmosphere which began a roundup of activities leading back to the Old West. Spirit days enabled students to dress as western characters, cowboys and indians. Continued on next page.

Trails to our Horizons

(cont'd) The parade also carried out this theme as covered wagons and tee-pees blazed a trail down Chicago Ave. ending in the Warrior Fieldhouse. A pow-wow then began in which games were played and a war dance was held. It was at this time that the seniors were awarded the spirit trophy, however the school spirit did not end here.

On Saturday a victory dance was held with one of the largest turnouts ever. The cafeteria was transformed into an old western town with a candlelight dance hall while the music was provided by "Bitter Lemon". As the couples began to leave the floor, Alan Hoffman was crowned Mr. Touchdown. This was another highlight of homecoming which truly made the whole week an event worth remembering.

What do YOU do after the Game . . .

What happens after that exciting victory on the court? Does everyone just go home and go to bed? No way! Every school has its hangout and Noll is no exception. When the game is over (for better or for worse) many of the fans and players head for Shakey's Pizza Parlor in Calumet City. On a typical Friday night, Shakey's is packed with BNI students eating pizza; playing electronic games; and running from one table to another talking to friends, stealing food, and generally having a good time.

Below left: Patty Rivas talks about the game after completing her meal.

Basketball Homecoming

A good way to get "in the spirit" is to do something really special. This year's "Shoot for the Stars", the '79 Basketball Homecoming was the result of much planning and hard work.

Students had the opportunity to shed their uniform on such theme days as, Clash Color Day, Class Color Day and finally Blue and Gold Day.

The theme of this year's Basketball Homecoming was "Shoot for the Stars". And shooting for the stars is just what the BNI Varsity basketball team did on Friday the 18th, as they ran up the point rally on Horace Mann. The final score: Warriors 96, Horace Mann 60.

On Saturday night, as true with all Homecomings, "Shoot for the Stars" ended with a dance. It was a disco and everyone had the chance to enjoy themselves and meet the "Stars" of the team.

The decorations showed creativity. Each Senior Varsity teammember was represented by a stand-up likeness. Stars danced from the ceiling as the students danced to the disco music.

FALL MASQUERADE

It was a crisp, fall day and the wind whistled through the lovely branches of the trees, which were shedding their leaves. Goblins, ghosts, witches and all kinds of spooky creatures invaded the BNI cafeteria on October 27, 1979 for the first annual Halloween Council.

Of course, students forgot their uniforms and dressed up as they pleased. Some of the most memorable costumes were Saturday Night Live characters Mr. Bill and his dog Spot, Big Bird and Cookie Monster of Sesame Street fame and let's not forget the "Flasher".

In the middle of the party, everyone stopped dancing to wait for the judging of costumes. Prizes were given out to the most creative ones. Some of the winners include: the "graveyard people", a pair of dice, three sophomore priests, Big Bird, Cookie Monster and, of course, the "Flasher".

Everyone had a good time dancing to the latest disco music and meeting a lot of their friends, plus getting the chance to encounter familiar people in unfamiliar apparel.

THE TALENTED

NISBOVA: The members of Noll's band and choir participated in NISBOVA or the Northern Indiana Symphonic Band, Orchestra and Vocal Association which was held on January 26, for Vocal and February 2, for Instrumental. The preparation for the contests often begin before school starts in August! The musicians who placed first in Group One and were eligible to take part in the state auditions on February 16 are:

First Place State Vocal Solos: Karen Koloziej, Terri Pelletier, Darrell Lasenby and Joe Kruzan.

First Place State Instrumental: Matt Glover, piano; Frank Niemiec, piano, multi-percussion, tympani and xylophone; Mike Niemiec, trombone; Linda Tybik, Flute and piccolo; Sophie Wiecinski, clarinet; Julie Dubec, Judy Evans and Sophie Wiecinski, clarinet trio.

Second Place State Vocal Solos: Tracy Burgess, Janet Bodney, Tom Daley, Madaline Haraway, Todd Hutchen and Laura Onohan.

Second Place State Vocal Ensemble: Tracy Burgess, Maritza Lopez, Madaline Haraway, Darrell Lasenby, Julie Piefer, Terri Pelletier, Elaine Brown, Janet Bodney, Tom Fife, Joe Kruzan and Tom Daley.

Second Place State Instrumental: Corinth Bishop, piano June Landrum, flute; Portia Pittman, flute; Jeff Stack, oboe; and Linda Tybik, piano.

These and many others who placed in District Auditions deserve a round of applause for a job well done!

TURNABOUT 1980 ICE CASTLES

Swiss Alps, skaters, and a warm fireplace was the scene at Noll's cafeteria on February 16. Couples walked into an atmosphere of a lovers paradise with music played by Nine Lives.

Before the big night, much work was put into the dance. Work started right after Homecoming. The theme—/—"Ice Castles" was decided upon . . . and then the real work began.

The night of Turnabout was a cold one but when the couples walked in, their hearts warmed at the wonderful winter paradise created by the Service Club. Couples talked and danced the night away, hoping that it would never end.

The height of the evening was when the 1980 Turnabout Queen was announced. Nancy Moss was elected Queen; the other court members included Donna Eaken, Carol Gardner, Rose Kliza and Grace Penwell.

Thanks to Service Club, Ice Castles was a success. Transforming the BNI cafeteria into something wonderful, and giving the girls a chance to ask their favorite guy out, was a rewarding end to lots of hard work.

"THE MOUSE THAT ROARED"

When the curtain was raised in Bishop Noll's Theatre on Feb. 28, 29, Mar. 1 and 2, a large roar was heard. This great roar opened each presentation of Christopher Sergel's satirical comedy, "The Mouse That Roared". A large amount of dedication, hard work and care by directors, Mr. Joe Malczak and Rev. John Winterlin, as well as, the entire cast and crew added together to make this production a "roaring" success.

The comedy is about Grand Fenwick, a small country (3 miles wide by 5 miles long) declaring war on the United States of America "because of wine, what better reason". The fourteenth century orientated Grand Fenwick army invades the U.S. with primative bows and arrows, captures prisoners of war and gains an unexpected bounty–the "Q" bomb. The United States finally surrenders and meets the demands of the "mousey" country.

Throughout rehearsals and performances, the entire cast and crew, along with the directors learned they must go "forward, regardless of the consequences".

Outside Looking In

The dedicated people in charge of the retreat program include Mr. Pat Kalich, Father Ray Schulte and Father John Ambre. Other faculty members help out in any way they can: by cooking, cleaning, and making buttons.

The theme for the Class of '80 retreats this year is PAM-IAY meaning, "Please Accept Me," and "I Accept you." The Juniors sported buttons declaring BU (Be You), the theme of their overnight retreat.

After the overnight retreats, there are mini-retreats that continue to build and strengthen new friendships. Mini-retreats during the day are offered for all of the classes at Noll, also. These retreats last for one school day and are led by seniors.

Ride On A Rainbow

This years' spring review was entitled "Ride on a Rainbow". It consisted of singing, dancing, and comical acting. Among the participants were the BNI clowns, students, and teachers. Even the shows director Mr. Malzek, performed his special talent.

Many people worked to make the show a success. Father Winterlin was the assistant director, Mr. Lesnick was the musical director; Elaine Brown was student director; and Barb Kotlik was choreographer.

Songs describing or containing colors were highlighted. The show included solos, duets, and group performances. "Ride on a Rainbow" ran for two evenings and reached a pot of gold in terms of its success.

EVERY PICTURE . . .

Have you ever tried to explain something that has happened, to someone who wasn't there? We seem to be at a loss for words. Some things just don't need to be explained. Pictures capture people . . . sometimes they do this so accurately, you can imagine what's going on, with no words, and no explanation.

. . . TELLS A STORY

Finding new . . .
. . . "BEGINNINGS"

Romance and elegance filled the air on May 7, 1980 as the girls shed their blue uniforms for delicate and flowing gowns and as their dates wore coordinated formal tuxedos. Couples arriving at the Admirals Convention Center at the Holiday Inn in Merriville knew that they were going to experience an evening of "Beginnings".

A candle lit dinner added to the romance; a special feeling between the couples. When dinner was through, the band "Fluid Motion" played the theme song "Beginnings" along with a wide variety of music from Rock-n-Roll to slow dancing music to Polkas. The time for crowning of the king and queen soon arrived. Jamie Hepp was crowned king and his court was Mike Kalmas, Todd Hutchen, Chris Meyers and Tom Vale. Karen Stack was crowned queen and her court was Judy Evans, Becky Kerger, Natalie Gilbert and Chris Kolbus.

Prom 1980 was made possible by the hard work of sponsor, Mrs. Szewciw and her chairpersons Barb Ceiga, Tony Horvath and Nancy Skiba; who put in many long hours to make "Beginnings" memorable to all students that attended.

Blue and Gold Suede Shoes

Boot Hill is full of graves containing the bleached bones of BNI's athletic foes. Many Warrior feet have trod the path of victory. Some have come crashing in spikes, some shod in sure tennis shoes, while still others come quietly with the bare feet of the swimmer. But, whatever the gear they wear, whatever sport they play, the result is the same–personal reward, honor, and glory for BNI.

How does Noll manage to consistantly remain one of the top contenders in every phase of sports? It's simply this: other schools build teams–Noll builds tradition. We play with honor and pride. Pride is in all the Warriors who ran before us and all those to come. The race is not always won by the swiftest feet, but by the strongest most valiant heart–the heart of a Warrior!

Cross Country Team Paces through Season

As a sport, cross-country is one of great involvement and determination. If one plans to run cross country, one must plan to deal with and accept the pain that goes with it. However, running through parks and wooded areas takes your mind off of the pain. Ed Bogucki, this year's cross country coach believes that "cross country is a great sport".

This was Coach Bogucki's first year with Bishop Noll's cross country team. He's very happy he had a chance to coach a team that was hard-working, self-disciplined, cooperative and willing to put their all into their running. He feels these are the things that make a good team.

The backbones of this year's varsity team were co-captains Jeff Tuskan, John Companik, Dan Mis and Chuck Doppler. The cornerstones of the '79 girls team were Debbie Wadus, Karin Roccardi and Diane Bolalek.

The varsity team completed their season with a 6-3 record and ranked 3rd in the Lake Shore Conference. Although the girls only participated in a few meets, they won 2nd place at the Highland Invitational and 3rd place at the T.F. South Invitational.

Tennis Team Sweeps Conference

This year the 1979-80 Warrior Tennis team played an excellent season. New comer Bob Buchanan, when asked how he felt about his sport, replied, "I think it's a great game. Tennis is an art, it's also a creative sport because it changes from match to match. It is a sport you can play for life."

Tennis coach Father Srode is very proud of his team. He believes that the tennis team went as far as they could this season and hopes they will rank state next season. Father Srode also thinks that Bishop Noll's top sport for the next two years will be tennis. He knows that the training of the freshmen and the top performance of the Sophomore and Juniors on this year's team will make team's in the future all the better.

The tennis team played a fantastic season this year with the varsity making a clean sweep of the Indiana Lake Shore Conference Individual tournament with Bob Buchanan, Phil Skurka, Eric Medina, Tim Maluga, Tom Kitchell, Mike Kalmas and Joe Pavnica winning trophies. Joe Pavnica and Eric Medina also won second place at the Highland Doubles Tournament. The team had a record of 16 wins and 3 losses. The teams average for every meet was 5 and 0. the J-V had a record of 9 wins and 1 loss this season.

Left: Warming-up before a game, Eric Medina starts a volley.

BNI FOOTBALL

The Warriors pushed back the lines and ended the football season with a 6-4 record. One of the early highlights of the year was the game against Hammond Tech when the Warriors came from behind with the aid of senior tailback Roderick Moore. Bob Atherton also helped give the team a boost with an 85 yd. kickoff return at the E.C. Roosevelt game.

New and inexperienced blood was introduced as junior quarterback Greg Kokot led the Warriors. The team's lineup was further fortified with Al Hoffman doing a terrific job in our defensive area.

Winning the homecoming game gave the Warriors a spiritual boost, which made the whole season a great one. The Warriors will in no doubt be ready to tackle another great season in 80-81.

Hook, Line, and Sinker

The 1979 Girls' Swim Team was characterized by youth, dedication, and a willingness to work which made this year successful in many respects," commented Coach Jim Tonkovich. The girls' 5-5-1 record proved that hard work pays off. The many morning and after-school workouts prepared the girls for the tough season.

Many new faces were on the scene this year, as the team consisted mainly of freshmen. Outstanding swimmers were Maureen Brown, Sally Matz, and state-qualifiers Denise Bercik, Deann Bercik, and Denise Dougall.

The team's motto this year was to "go for it", which they certainly tried to live up to. But in addition to all their long hours of training, the girls had fun. As Sally Matz stated, "We started out as a very shaky team, but we really got together to achieve our goals. At the same time, we had a lot of fun."

Whether they won or lost, the girls did their best. They put in a lot of effort, and enjoyed themselves as well.

GIRLS' VOLLEYBALL

The 79-80 B.N.I. girls Volleyball teams started out their season like most other teams with tryouts. But there is one important difference between this volleyball team and all other teams, it is that from day one the spirit of the team was outstanding.

Out of almost 40 girls who tried out for the team, Coach Mary Verbish had the job of picking 24 team members. Twelve for a Varsity team and 12 for a JV team.

In September the season started. The members of the team worked hard to win. The skills they perfected in practice were used on the court.

The season ended with a win in Sectionals against Clark and an unfortunate loss against Morton.

The pride of the team shown through when senior, Nancy Bobak was voted an All-Conference team member. Joan Sidor, Carol Magurnay and junior Eileen Sullivan received Honorable Mentions.

CONTORTIONISTS

The mighty contortionists of the mats. What makes these fine gentlemen allow their bodies to be twisted, pulled and folded? What's more, what could possibly call them to the struggle of wrestling? Why do wrestlers like their sport?

Senior Dean Ricciardi answered this by saying, "I think it's great, it helps you in life, teaches you how to work hard, and helps you form a good attitude.

Senior Mario Chapa with a record of 13-1-1, one of the top wrestlers said that, " Coach preached to them, telling them that wrestling is an individual sport—you don't rely on others it is all up to you. If you win you did it right the way you were taught." These are the types of wrestlers at Noll that listen to their coach and try to achieve their goal and these are the type of athletes that will leave Noll and make it great.

Above: Mario Chapa wrestles his opponent to the floor and puts him in a headlock.

Right: A Noll wrestler uses all his strength and skill to take down his opponent.

Wrestling Coach Sivulich believes that wrestling is a sport which develops in individuals. In other words, the wrestlers have to count upon themselves and their training not on team effort. Coach Sivulich knows that he has some good possibilities for the next seasons with good wrestlers like freshman Ivan Rivera and Junior Juan Hernandez.

The Junior Varsity's record was 8-3. There ILSC record was 8-0 which brought them into first place position. Freshmen's record was 6-2 which gave them a second in the ILSC.

The Varsity had a record of 6-4-3 for dual meets. In the ILSC their record was 5-1-2 which put them into third place. The matmen also took a second place in sectional tourney and advanced Mario Chapa and Dean Ricciardi to Semi-State Tourney.

SECTIONAL CHAMPS

This year our girls basketball team accomplished something that no other girls' team had ever done in its four years of existance. The girls became Sectional champs and were born in the regional tournament. This was a fitting finale to the seniors who were playing their last game for Noll.

The Varsity team was led by co-captains Malanie Kamradt and Eileen Sullivan, and head coach Mrs. Joanne Mader. These girls had a highly successful season with a 10-6 overall record, a sectional championship and a regional berth earned by revenging two earlier losses to Morton by one point in double overtime and to Hammond High by thirteen points. In addition to the Varsity teams success the Junior Varsity team after completing a highly emotional season with a 11-3 record, narrowly missed winning the Junior Varsity tournament. These girls were led by Coach Mrs. Barb Bulanda and co-captains Diana Martinez and Stephanie Powell.

In addition, to compliment their excellent seasons many of the girls had individual awards of personal achievement: Senior Melanie Kamradt and Junior Eileen Sullivan, Most Valuable Player; Freshman Julie Purcell, Best Mental Attitude and Junior April Calvert, Most Improved Player. Next year most of the girls look forward to another successful season and a Regional championship.

BNI SWIMMERS SURFACE TO THE TOP!

The Boys Swim Team put in much more work and dedication than any previous swim team. They showed strong desire which helped them achieve a successful season.

The BNI swimmers finished the 79-80 season with a record of 11-2-1 second best in BNI swimming history. The Warriors' fourth place finish at state was the best performance ever.

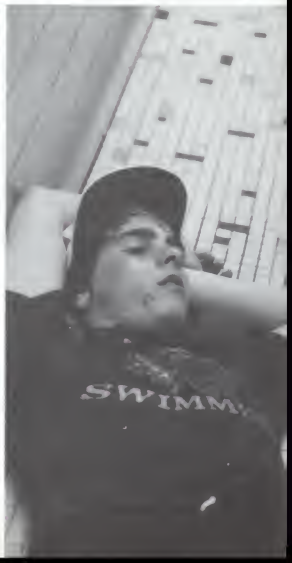

"It was a rewarding season for all the boys involved, we improved greatly considering all the young swimmers we had. Our dual meet record was surprising as we felt we would not be that tough in dual meets but good in championship meets," replied Coach Tonkovich.

Finishing fourth place at State was both satisfying and unsatisfying for Coach Tonkovich. It tied the best finish in the history of swimming at Noll, and it was done primarily by an underclass team consisting of Juniors Scott Dickinson, Peter Rodenberg and Bill Slamkowski; Sophomores John Gargula and Chris Lovin. Chris Lovin was the first male individual in any sport to win a state championship in the history of BNI.

THREE-TIME SECTIONAL WINNERS

This years winning basketball team made it all the way to Regionals! They had an excellent 13-10 record for the season. This is the third year in a row that they have won Sectionals. The star players include: Michael McKenny, Henry McKenny, Mike Barba, Randy Wingis, Rod Moore and Dave Ispas. Sophomore Swayne Randell proved himself to be someone to watch for next year. Mr. Ron Luketic was the Warrior head coach, and Jack Gabor was the assistant coach.

The freshmen and Junior Varsity teams also did extremely well this year. The freshmen had an outstanding 18-0 season. All of Noll looks forward to these teams to carry on the great tradition of basketball!

Kicking up a Storm.

Noll's Soccer team is 6 years old and well on its way to being great, under the coaching of Ed Hreha.

The 79-80 season has been the best in the team's history.

Noll's Soccer team came in 2nd place in this years season after losing a very tough, yet well played game against E.C. Washington. Both teams had beaten all the Lake Shore teams up to this point.

Noll's Soccer team also made it to the Finals of their tournament.

Again they played E.C. Washington in a Championship game. And again by the same score as before Noll—4 Washington—6.

The season was not only played well on the field, but on the sidelines! Members of the team supported their fellow team members.

The attitude of all the members was one of backing the team, learning the skills and hoping for a winning team.

Racing Against Time

Track is not just doing a lot of running around. It involves a lot of hard practice, dedication, and the urge to be the best.

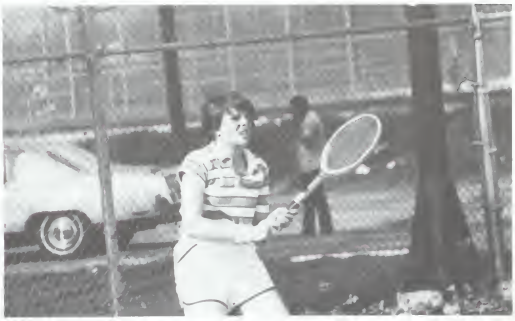

Besides running, track also involves various other forms of competition such as high and broad jumping, pole vaulting, high and low hurdles, discus throwing, the shot put and other Track and Field events.

The track team has worked very hard on their goal of being the best they possibly can be and it certainly shows with their accomplishments this year.

Our Girls are not in Love

For the first time at BNI the tennis team has a girls' team. Fr. Shrode the coach of the girl's team had lots of patience and time working with the girls. There was never an official girls' tennis team, but tryouts were held in previous years for girls to play in the sectionals. This year the girls got together and talked to Fr. Moszur about the chances of having a team. Fr. Shrode said he would coach the team. The girls team was official and was able to participate in the conference. Tryouts were held in March. The season was from April to May.

Practice would be everyday and they would have matches against each other. The team consists of a varsity team as well as a J.V. team.

A Whole in One

The golf team has tried its best this year to be the best they possibly could be.

Golf doesn't usually involve the whole team. It's based on each individual's performance. You're the only one to blame if you don't perform up to par. Golf depends on your mental attitude almost as much as your ability.

Golf is a challenging sport requiring patience and complete control; any mistake can lead to a sand pit. Though golf is sometimes considered an easy sport, never underestimate the power of a golfer.

The Proud on the Diamond.

Blue and gold—wham! Right out of the ball park. The Warriors' strive for perfection led them to Sectionals where they won and to Regionals where they lost.

Their enthusiasm never died from tryouts to long practices, from decisive games. No one knew what to expect from the team, but the suspense was rewarded with victories!

To Reach the THRILL

The athletes. They are the ones who display their talents on the field and the court, creating a form of brotherhood between themselves by working with each other when competing against their opponents.

The spectators. They are the ones who encourage and cheer on these talented athletes on to the THRILL. They feel the same THRILL as well as the same AGONY as the athletes. Although these well-spirited fans support these athletes on the field and on the court, the spectators do not really know what goes on behind the scenes.

How are these athletes prepared to go out on the field and on the court and perform as they do? Much of it is the desire to be the best athlete possible. The feeling inside of them that guides them to play in competitive sports and to do their best at it. The grulling practices spent hours after school to perfect themselves both mentally and physically. The coaches always encouraging their athletes to do better, to do more. And, the praise these athletes receive from the fans after a game or meet, after all the hard work and dedication had been payed off.

These shoes were made for . . .

Once you've got the shoes, what do you do with them? If they are gym shoes, then they are obviously for athletics. If they are high heeled slides, then they are for a fancy night out. But, what about those regular everyday shoes? They are so adaptable that they can do most anything!

There are plenty of ways to get your versatile "shoes wet" at Noll. If you want to get involved, there are more than 25 extra-curricular organizations which round off the roster of after-school activities.

Organizations are an important part of Noll, they help to develop well-rounded students and are just another way of getting involved AND HAVING FUN!

STUDENT COUNCIL

Here at BNI each year we elect people from our student body to represent us to the administration.

Our Student Council and class officers are students who have the qualities of leadership, friendliness and school spirit.

One of the most important jobs of the Student Council is to maintain a student-teacher relationship.

The four Student Council officers this year did many things. Tom Vale the President of Student Council came back for a fourth year in office to start things rolling for Homecoming, Student Council's main event.

This year Student Council started something new–Basketball Spirit Week along with other activities that also included the Red Cross Blood Drive and Daffodil Days for the Cancer Society.

The Student Council also has regular meetings where all the homeroom representatives have a chance to vote on ideas for dances and gym nights.

At these meetings Fr. Mozur the Student Council sponsor is present to give any help or share his thoughts.

SERVICE WITH A SMILE

The junior and senior girls who belong to Service Club are not members in name only—they are quite active. They have been carefully selected by the teachers according to their personality, neatness and dependability and therefore are worthy of praise.

Members of the Service Club serve at sports banquets, Women's Club functions and senior banquets.

Service Club's biggest and most time-consuming event is Turnabout which it sponsors every year in February. There are various Turnabout committees and each of them include a chairperson and Junior co-chairperson. This year's theme for Turnabout was "Ice Castles." Miss Elaine Capellari, the new Service Club sponsor, aided the girls greatly in co-ordinating their efforts, especially Turnabout.

The 1979-80 Service Club is headed by four officers, who are: Carol Gardner, President; Nancy Moss, Vice-President; Donna Eaken, Secretary; and Rose Kliza, Treasurer.

MISSION CLUB

Being a Christian has its responsibilities and one of them is giving what we have to those that are less fortunate.

According the Fr. Ambre, "It is part of what being a Catholic is all about."

Each week we are asked to give an offering to the mission. The money is collected and divided up. One third goes to help the poor in our local community; one third goes to National Poverty Relief; one third goes over seas.

This year the Mission Club Toy Drive was a big success. They filled two pickup trucks full of toys which brought smiles to young children who might not have had anything under their trees for Christmas.

The Food Drive went well also. The food we contributed at Thanksgiving went to families who without our help would have had much to eat for Thanksgiving.

Through their generousity students and teachers have made others happy, and that's what BNI is all about.

THE CLOWN MINISTRY

The B.N.I.C.Y.O. Clowns are in their second year of healing sadness and creating laughter among the aged, sick, underpriviledged and anyone who needs a clown.

The Clown Ministry opened its arms to fourteen new clowns this year. They were instructed in the art of clowning by three former B.N.I.C.Y.O. Clown Alumni: Miss Jill McLaughlin, Miss Renee Baker, and Miss Ruth Edwards. They began their classes in September and graduated with honors on March 22, 1980, after their first performance.

The new clowns are: Spunky, Smackers, Lolly, Jedzieboat, Escado, Smurf, Peanut, Dewey Jellybean, Munchkin, Buzby, Punkin, Twinkles and Bonkers.

Poms, Flags and Rifles

All 24 of the 79-80 Poms would agree that it's really exciting and lots of fun. They devote hours and hours of hard work perfecting routines. Watching their performances we can tell that they give up a lot of their time working to be professional.

This past summer, the girls went to two summer camps. At St. Lawrence they learned different routines. and at DePauw University they started to work with the Flags and Rifles. The Flags and Rifles are new this year and are used during the football season. Attending these camps prepared them for performances varying from half-time shows, to parades and competitions with other schools.

Mrs. Szewciew took responsibility for the Pom Pons, and together with Donna Barker as captain, they have done a great job with the girls. They add excitement and their spirit at games and everywhere they go!

Our bright and smiling B.N.I. Poms are not always as confident as they appear to be, though. As a matter of fact, first year Pom Nelly Perez stated that during performances "Most of the time we're really scared that we might make a mistake!"

This year the BNI band experienced many new changes and additions. The major change this year was the marching transition from Big Ten to Corp Style. This change occurred because a corp show is a better musical production. In accordance with the marching transition, the BNI pon pom squad exchanged poms for flags and rifles. The flags and rifles produce colorful, dramatic visual effects.

For the first time this year, the band and drill team competed in three marching contests. The Marching Warriors did very well during their first times in competition.

Along with the band receiving a change of look, the bandroom did too. Extra storage space was added, the walls were painted and carpeting was laid.

Frank Niemiec was the first recipient of the new John Phillip Sousa Award for the most valuable senior in band.

This year passed with many new firsts and beginnings. These will all aid in shaping the future of the BNI band.

Heavy Breathing?

Day after day, if one should walk past the Concert Choir Room (D115), one might be surprised to hear some heavy breathing. But as soon as Maestro Reverand Winterlin waves his baton in the air, the heavy breathing blossoms into song.

Concert Choir is a class not only designed for sopranos, altos, tenors or basses, but it is designed for the harmonious unity of them all. This class is unlike any other Math or English Class, for it does not end at 2 o'clock. This is because it is an extra-cirricular activity as well. After school practices, Christmas and Spring Concerts, Nisbova Contest and several Masses throughout the year keep the Concert Choir busy.

Maestro Rev. Winterlin not only gains respect for his talent in music, but also for his humanness which he uses to deal with his "budding stars".

MUSIC PARENTS CLUB

The Music Parents Club at BNI plays an extremely important role in the development of the Music Department. The club is composed of parents from band, choral and pom pons.

The officers for the 1979-80 school year are; President Couple, Mr. and Mrs. Donald Swibes; First Vice-Presidential Couple, Mr. and Mrs. Norman Lorman; Second Vice-President, Mrs. Dorothy Towns; Secretary, Mrs. Alvina Wells; and the Treasurer Couple, Mr. and Mrs. Robert O'Donnell. A host of other parents volunteer their time to hold various committee jobs.

Throughout the year, the music parents coordinate several fund-raising events. These include the sale of Christmas wreaths, two bingos, a spring raffle, tag day and a Valentine Dance. The money raised by these projects is used to pay for the use of buses on tour and to competition, maintenance of uniforms, the purchase of new equipment and many other expenses.

Without the effort extended by the Music Parents Club, the BNI Music Department could not function financially.

Cheerleaders Spell Spirit

. . . Gimmie a "O" . . . "O", Gimmie a "R" . . . "R", Gimmie a "S" . . . "S". What does that spell . . . "Warriors".

Who are those girls who always seem to be able to be enthusiastic even if their teams' losing? Who can stir up a crowd with a cheer? The BNI cheerleaders can. They always seem to be in good spirits whatever the sport is, whatever the score is.

These dedicated cheerleaders are hard at work even before the first kickoff of the season and they never stop until the last basketball is shot.

This years squad is led by Senior captain Eileen Mullaney, and their advisor is Miss Carole Hepner

Top Left: Junior Varsity cheerleaders are Patty Luketic, Jackie McMahon, Jackie Molle, Tracey Reinert and Lynn Sredzinski.

VARSITY CLUB

The Varsity Club consists of members who have earned a varsity letter. They also must be willing to volunteer more of themselves for the benefit of the Noll Community.

Members supervise the parking lot, as a service to Noll. Originally known as the Strange Rangers, they have since changed their name to the N.V.'s.

The N.V.'s are a special group of students who really show their concern for Noll through their examples in sports. But even more for showing their selflessness by willing to help whenever and where ever they are needed.

CHECKMATE

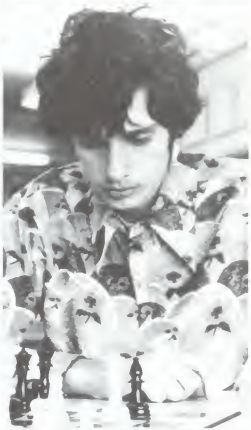

Many people think chess is a complicated, boring game. Actually to those who really know the game, it is the total opposite. Once a player learns which piece moves in which direction, he can start making logical decisions. An experienced player can even forsee an opponent's play.

Noll's Chess Club has been in existence for 4 years and has been sponsored by Father Ray Shulte. He believes that, "Chess is a game that truly challenges the mind."

Anyone interested in joining needn't worry about knowing how to play. Father Shulte said, "The Chess Club is happy to teach new members to play. Learning is more important that winning."

THEATRE ARTS CLUB PRESENTS . . .

The longing to be around the stage, acting, working lights, pulling curtains, even ushering is what the members of the Theatre Arts Club have in common.

Of course Theatre Arts Club members can be seen on the stage, but many of them work behind the scenes, preparing the stage or the auditorium for performances.

Each year, the Club sponsors the Theatre Arts Club Musical Revue. The Revue is the time for everyone to "get into the act," students and teacher alike.

The Sponsor of the Theatre Arts Club is Mr. Malczak. Though he plays the main role in the club, he is supported by the Theatre Arts Club officers elected by the membership. The 1980 officers are: Joe Kruzan, president, Cathy Barna, treasurer, and Jeanna Hoess, secretary.

LEADS, LAYOUTS, LONG HOURS

Extra! Extra! Read all about it! The **Journoll,** BNI's school newspaper is the paper everyone should be reading. The Journoll has all the news, that the entire student body should be interested in.

Are you reading the Journoll regularly? If not you should be! In one issue, you might find news about your best friend or your favorite album. The **Journoll** has all the info. you need to know.

The Journoll is important to the Noll Community: Barb Ceiga, co-editor, believes that "the **Journoll** serves as a constant scholastic calendar of what is happening and what has happened at Noll."

The Marquette staff is a dedicated group of Noll individuals working toward a common goal—the creation of a fantastic yearbook. So that the Noll Community will be able to have a lasting collection of pictures and memories.

The '80 Marquette works dilligently throughout the year to bring about a successful yearbook. It's not easy! The problem isn't the large amount of time spent putting the book together that brings about the difficulty; it is the lack of people and experience on the staff.

After training is over staffers create the pages that you see in the Marquette. Sometimes you can hear from within the office confused comments such as, "Where are the tennis pictures?" "Can you type this for me?" "Where is my copy?"

The staff knows that the job they do for BNI is a thankless one, but it benefits the entire Noll Community. Perhaps, though, they do get rewarded. They gain the friendship of other yearbookers and a feeling of accomplishment at the completion of the **Marquette.**

SPEECH AND DEBATE

What is Speech and Debate? It is increasing your speaking abilities and stimulating your mind. It is learning and competing.

If someone wants to join the team, he wouldn't have to worry about monotony. There are 14 different events in which a person can show their special speech skills: 3 events in debate, 5 in public speaking, and 6 in interpretation. All the events have time limits which make Speech and Debate all the more challenging.

The BNI Speech and Debate Team is growing strong. Miss Alita Proll, 3 year veteran sponsor said, "There are at least 40 active members and with that many members there is a strong need for funds. The Spaghetti Dinner was the 1st Annual Fund-raiser. It was a success but we hope to make more money next year to keep the team going."

This year 30 members went to sectionals. Out of those 30, 8 went to regionals. Two of the Regional winners, Senior Natalie Gilbert and Sophomore Kim White took State titles in Girls Extemporaneous and in Poetry respectively.

Quill & Scroll

Quill and Scroll is an international honor society for high school journalists. Quill and Scroll members are nominated and inducted according to their leadership and journalistic contributions on the various publications at Noll. These include the Jour-Noll, the school newspaper and the Marquette, the Bishop Noll Yearbook, as well as those who write the Bishop Noll column for the Times' School Section.

The Honored

This 79-80 school year 39 new students were inducted into the Bishop Noll Institute Chapter of the National Honor Society while 19 seniors remain from last year.

National Honor Society members are juniors and seniors who are nominated and elected by their teachers. Students are evaluated according to their academic records, attitude and involvement in extra-curricular activities.

Members of NHS sponsor a disco dance, the student tutoring service and the much needed locker clean up. NHS sponsors the All Honors Installation Night and members also serve in the important role of student receptionists.

Being in the National Honor Society is a prestigious honor given to a well deserving few.

Helping themselves by Helping others

Y-teens is a club of young ladies who are learning to become better persons now in order to help them later in life. They become better persons by helping others.

Y-teens have sponsored activities such as the dance entitled "Adventures in Paradise". They also sponsored a trip to see the play, "They're Playing Our Song". Money collected from the functions are used to support a child every year who really needs the help.

Sponsor, Mrs. Bulanda helps direct the young ladies to learn the real meaning of togetherness and the giving of a helping hand.

Hi-Y molds a fine young boy into a man. It serves as a picture window to life outside of school. World events and current issues are discussed, as well as any topic which might benefit the group as a whole.

Hi-Y is not just serious discussions, it's fun too! There is the meeting of new people and the sharing of new ideas. In addition to this, the group has sponsored a dance that went over very well.

Hi-Y is the club for people who want to know what's going on!

Numbers can be Fun

For you math lovers, B.N.I. has just the thing for you—the Junior/Senior Math Club. The Junior/Senior Math Club tries to better minds in Math. The club accomplishes this task by working on worksheets, and other projects.

Jr./Sr. Math Club makes Math not just a subject to learn, but an idea which should be further developed in each person's mind.

Mrs. Elena Seeman was the sponsor for the club this year.

THE SOPHOMORE MATH CLUB

Sigma Mu Theta, as the Sophomore Math Club is called, is one of the most popular Sophomore Organizations and practical clubs at Noll. It serves to enlighten its members' concept of mathematics and to give them a chance to excel in their talents in mathematics.

Besides holding regular meetings, the Sophomore Math Club sponsors the Annual Sophomore Math Tournament where area grade school students get a chance to try their hand at mathematics, the membership also gets a chance to go to different mathematic invitationals where they have a chance to compete with students from area high schools. The advisor of the Sophomore Math Club is Mr. Cesar Queyquep and the president is Anne Wells.

FRESHMAN MATH CLUB

The Freshman Math Club has just been established at Noll this year. Having a Freshman Math Club makes it possible for students to get acquainted with other club members as well as students from other schools. The club members spend afternoons together solving mathematical problems. At the end of these competitions, the students with the highest scores are awarded with trophies.

The club is open to all freshman who have received a "C" or better in their Algebra Class.

This year Mrs. Poracky took the responsibility of being the club's sponsor, she hopes that the club will prepare the students for future competitions and also for Sophomore and Junior/Senior Math Clubs.

GUITAR GANG

The guitar ... the one thing this group has in common, besides the fact that they are all very talented. The team of Miss Boulais and Mr. Bulanda lead this guitar gang. They get together periodically to play songs and learn new ones. They are responsible for much of the music which is sung on retreat and are the core of retreat accompaniment.

The Guitar Gang is just starting this year, yet they are expanding and hopefully will become a great part of the Noll Community in years to come.

PARENTS CLUB

Parents Club is the basic core unit here at Bishop Noll. Without our parents we would not be here. Not only do they save and scrimp at home so we can come to Noll, but they come to Noll themselves and join the Parents Club. They realize that we all must work together to keep this school going . . . and they work, and work, and work. The Men's club holds their annual smoker. This years guest speaker was Al McGuire former coach at Marquette. The Women's club puts on the Christmas Bazaar, and the Fashion Show. Both clubs help to raise funds for the school.

When someone thinks it is special and important to send their child to a Catholic school for the best Christian education possible, and then work overtime to keep that school going . . . well we're just awfully lucky to have parents like that. Thanks Mom and Dad!

What great sense it makes for us to lace up all our organizations, all our athletic teams and all our other school activities under the banner of ACADEMICS. After all, that is what we are here for! Academics is what makes everything else possible.

Many times, the academic side of Noll is played down because of the other fantastic things we do. When you think about it though, we do get excellent educations, not only that, we obtain excellent learning experiences. Nine Academic Departments and about 80 teachers along with some 1400 students (and many others), tie together and bind the community that is Noll, to the world outside.

Sure, the Calumet Region may think that Noll only has great sport teams or great student organzation, but we know better. We know that it takes a lot of intelligence to be good at anything and we certainly are lucky enough to have what it takes to be great!

RELIGION DEPT.

The BNI Religion Department has gotten better and better over the years. Year after year it has become more beneficial by adding more of the essential materials needed to conduct an above average program. At its beginning, there weren't many retreats, nor penance services. Now there are audio-visual aids, retreats and community services. Even the students are becoming more interested in Religion and according to Fr. Ivans their attitude toward Religion is even getting better. Students of today are more interested and put more effort into being Christian.

Religion is essential in developing a Christian personality. It guides us and sets us on the road to happiness. Fr. Moszur, BNI Religion Dept. Head, believes that Religion class is one of the best classes a Christian can take because, unlike other classes, Religion deals with the whole person and the total community and it helps you to find yourself and develop a Christian personality.

YOU-N-ME

What is a friend? It is a person with whom you dare to be yourself. He seems to ask of you to put on nothing, only to be what you are. You do not have to be on your guard. You can say what you think, so long as it is genuinely you. He understands those contradictions in your nature that lead others to misjudge you. With him you breathe freely. You can confess your little vanities and envies and hates and vicious sparks, your meannesses and absurdities and, in opening them up to him, they are lost. He understands!

You can weep with him, laugh with him, pray with him. Through it all and underneath—he sees, knows and loves you. A friend? What is a friend? Just one with whom you dare to be yourself.

MUNCH A BUNCH

Socializing and lunch go hand in hand just like fries and a Coke. At lunch friends get together and talk about the day's happenings. It's a time from the 'ole school routine—for a while anyway. Some people do their homework at lunch, others just "hang around"—and then there are those who eat.

Food is on everyone's mind. Stomaches grumble as they wait to find out what "Mom" put in the brownbag today.

ENGLISH DEPT.

The English Department at Noll offers students a variety of courses. The Freshmen level lays a solid foundation for the next three years of English. Sophomores emphasize Non-Fiction, and build on previous skills. Juniors have a coordinated effort in their American literature and U.S. History classes.

Seniors are offered a choice in taking World Literature or British Literature. Electives include: Film Studies, Advanced Speech and Argumentation, Photography, Journalism, and Mass Media.

Mrs. Dorothy LaMere, chairperson of the English Department, keeps everything, and everyone in the department, running smoothly.

SOCIAL SCIENCE DEPT.

During your four year stay at Bishop Noll you are required to take certain courses chosen from the Social Science electives. Among these are World History, U.S. History, Government, Psychology, Economics, and Sociology. According to Mrs. Betty Langedyk, head of the Social Science Department, they are truly important courses to the growing student. One can not claim to be a patriotic citizen if he is not well informed of national history. Government is a factor existing in everyone's daily life.

The purpose of Social Science classes is to introduce you to your nation's history, your position in today's society, and what you can contribute to the future. It furnishes a background knowledge for Literature, Science, Philosophy, and Religion. This helps the student to understand these classes and his other studies better. It's purpose isn't for you to memorize every part of the course. Social Science is designed to help the student in his relations with family and friends.

As in the words of Mrs. Langedyk, one doesn't "find himself" is Social Science but "develops what he has and grows to the extent he wishes."

Top: Joe Dickey seems intent on his studies.
Center: Mr. Sivulich teaches World Geography and Government.

LANGUAGE DEPT.

Do you speak a foreign language? It's a good idea to acquire at least 2 years while in high school. Learning another language means understanding not only the language, but the customs, ideas, and traditions of a people. It opens a whole new world. Learning another language helps one to see relationships between the native tongue and the one being studied. Even if a language is learned to satisfy one's interests, it will have enriched him.

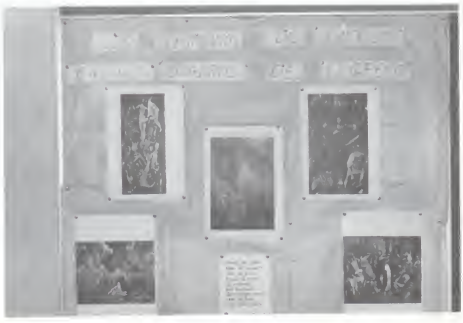

Another important reason for speaking another language is the fact that most colleges require 2 years of high school foreign language credit for entrance. This seems only right considering the business and trade situation the U.S. has with the many countries overseas. Now the college double-major (for instance, a foreign language accompanied by a business major) would allow a person to enlarge his field thus enlarging job opportunities at home and abroad.

BNI's Foreign Language Department can start students toward a bilingual career. French, German and Spanish are offered to students in all 4 years. New tapes are being used and the language lab is to be hopefully in use once again.

Anyone can take a course in any one of the languages offered. If a person just has the yearning to speak in another tongue, he's showing he wants to communicate with the rest of the world and that is most needed in today's society.

ROWDIES!

When you go to any type of game, whether it be football, basketball, etc., you are bound to encounter two types of people: there are those people who just sit back and enjoy the game, and then there are . . . **THE ROWDIES.**

Who are the Rowdies? The Rowdies are an important part of BNI school spirit. Can you imagine what a game would be like without any cheers, without any Freshman raids and without seeing a body being passed up and down the bleachers? . . . **PRETTY DULL!**

The Rowdies are definitely a very special kind of people. The group consists mostly of Senior guys along with a few Juniors. There are no special requirements for being a Rowdy, all you have to do is go to a game, do some cheering and . . . BE ROWDY!

Top: Jeff Tuskan and the Rowdies steal the show from the grid iron.

BUSINESS DEPT.

The Business Department is a very open and widely captivating area in which "a variety of jobs or opportunity skills are needed no matter who you are and where you're from," quotes Sister Rosita, who is the Business Department Head.

Accountants, secretaries and teachers are usually required to have some understanding of how the economic society runs. It gives you a chance to express yourself to a variety of people in the different areas of business.

The latest fashion to hit Noll is for the male population! The fashion is–BEARDS. The whiskers are sported in numerous ways; anything from the moustache to the popular full beard.

In the fall, only a few of Noll's men wore beards. But come spring, many more of Noll's male students appeared sporting beards. The reason was Noll's spring comedy, **The Mouse that Roared!**

Many guys say the beard or moustache makes them look older or more sophisticated. Others say it beats shaving every morning!

Whatever the reason, it appears that the Grand Fenwickian look is here to stay!

MATH DEPT.

The Math Department provides a basis for using Math in everything from college, careers to home life. One year of Math is required for graduation, but college bound students should consider taking at least three courses. Math courses include: Geometric Algebra, General Mathematics, Advanced Algebra-Trig, Calculas, Computer Programming and Mechanical Drawing.

Head of the Math Department this year is Mrs. Jan Primosic. Other members of the department help coordinate the Math clubs offered here at Noll as extra-curricular activities.

SCIENCE DEPT.

Science helps us understand the if's, what's, where's, how and why's about the complicated world that we live in today. The Science Department's Curriculum is designed not only to aid the college-bound student, but also to help the average student understand life cycles.

The Principles of Science Course is designed to close the gap between eighth grade science and high school science. It is an elective open to Freshman students.

The Biology classes are designed to concentrate of the structure and function of plants, animals and men. They can also deal with everything from the structure of atoms to that of the largest animals.

Chemistry I and II are courses oriented in the laboratory. Chemistry I deals with the structure of matter and the change it undergoes. Chemistry II deals with everything from the acid-base theory to organic and nuclear chemistry.

Physics is a course designed to help students increase their knowledge of the physical world.

These courses are under the supervision of Science Department head Mrs. Mary Michielsen.

a psalm

Mr. Pilmi is my professor;
I shall not pass.
He maketh me to write equations
He showeth my ignorance to class:

He reproveth my grief;
He leadeth me in the paths of unhappiness
for knowledge's sake.

Yea, though I study organic chemistry forever,
I will not learn it; but Welty is with me.
His good nature and underlying patience
they comfort me.

He prepareth a quiz before me in the
presence of my classmates.
He poureth my transcript with F's.
My humiliation runneth over.

Surely hydroxyboxes and benzene ring's
shall follow me all the days of my life,
and I will remain in the Organic class forever.

FINE ARTS DEPT.

The Fine Arts Department at Noll is like a 3-leaf clover. The individual clusters are: Art, Music and Theater Arts.

The Art Department is headed by Mrs. Kay Fair. Art allows students to express themselves in numerous ways. Art classes vary from basics to graphics.

The Theater Arts Department is headed by Mr. Joseph Malczak. Theater Arts is responsible for the production of the Spring Comedy/Drama, the Fall Musical and the Musical Revue. The Theater Arts program allows students a chance to show-off their thespian talents.

The Music Department is under the watchful eye of Fr. John Winterlin. Fr. Winterlin is in charge of the various choral groups at Noll. Choral develops the voice so it can be used as an instrument of musical expression. Mr. Richard Lesniak is the head of the various bands; everything from Beginning Band (a group of students who have just started expressing their musical talents) to Symphonic Band where members study more advanced musical principles.

As the 3 clover leaves are joined to the stem, so are the 3 divisions joined under the banner of the Fine Arts Department.

RINGS-N-THINGS

Accessory according to Webster's is an object that is nonessential but useful or complimentary. Anything from scarves to cowboy boots are used by Noll students to change their looks. The most common accessories for girls are jewelry and scarves. Socks have also raised eyebrows and made the Attendance Office rich. The guys wear sweaters and vests as well as the skinny tie. But ties are not only for boys because if you look closely you will see girls wearing them too!

Accessories are not only for sprucing up uniforms, but during Spirit Weeks, one can identify classes by them. For example, Seniors wore cowboy hats, Juniors stepped into cowboy boots, Sophomores hung bandannas around their necks and Freshmen plucked feathers for the Homecoming Spirit Days.

Accessories are an integral part of our lives. Some are functional like watches and other like rings and things are for show. But accessories allow us all to express our individualities.

HOME ARTS DEPT.

The Home Economic Department offers courses in the modern method of clothing construction and cooking, buying, preparing, and the serving of foods.

Students in Foods learn about basic nutritions, measuring, use of cooking materials, and about different parts of the kitchen. Mrs. Evanoff (the head of the Homemaking Department) says, "Preparing and studying for foods can be very interesting to students who apply themselves to the course. They also learn about different styles of clothes."

Students in Clothing learn how to read patterns, and how to select clothing for themselves. Mrs. Szewciew (the Clothing Instructor) says, "Students interest is apparent because they not only sew their clothing, but also wear the garments they've made."

Careers in the Home Economic field are many and varied. Many B.N.I. students develop a real interest in some facet of the area and go on to jobs in tailoring, food technology, or dietetics. Some even become chefs.

Even if you don't expect to become a professional chef or tailor, the skills you learn in Home Economics can help you better equip yourself for the future.

HAPPY BIRTHDAY

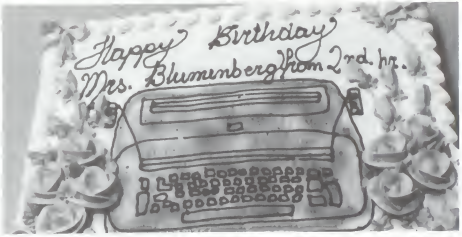

For years now at BNI it is a tradition for girls to receive a birthday ribbon. The ribbon is filled with many different kinds of candy and money.

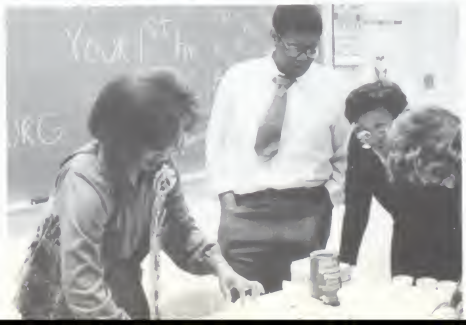

Usually the girl's locker is decorated. At lunch time their friends surprise the birthday girls with a cake.

HEALTH DEPT.

One of the classes at Noll which teaches students practical skills is Health and Safety. Mrs. Terri Rae Fenters and Mr. Jack Gabor attempt to instill in their students fine attitudes, habits, and common sense which will go beyond the memorization of facts.

Health and Safety includes units dealing with Mental Health, Drugs, Pollution, Safety, First Aid, and a Civil Defense Program. A demonstration on CPR—Cardiopulmonary Resusitation, is also included in the course.

The main objective of Health and Safety is to help students make intelligent choices by examining their lifestyles, their values, based on respect for themselves physically, mentally and socially.

Bottom Left: Every student must enroll in Health and Safety including Jerry and Elaine, the Health and Safety mascots.
Above Right: Angie Muskin listens attentively to one of Ma Fenters' lectures.

PHYS. ED. DEPT.

Trudging through the long hours of a typical school day can get to be a little monotonous. Luckily though, there is a little relief for Freshmen. They are allowed to let out their bottled up energy in P.E. class. There's always something about Physical Education that can get you going again.

Activities like flag football, swimming, gymnastics, volleyball and softball can give everyone a taste of teamwork. Like Miss Kelly, Girls P.E. Department head says, "Physical Education gives each individual the opportunity to work as a team member and at the same time gain individual development and personal reward."

The Sole! What could be more important to a shoe? Think about it: a shoe couldn't possibly be a shoe without a sole. BNI has some 3000 shoe soles which walk, hobble and roam the halls each day. The most wonderful thing about these soles is thay they all have "connections". They are all attached to BNI students, administrators and faculty members.

Many different kinds of people make up the Noll Community—a special blend of the best the Calumet Region has to offer.

PEOPLE—the real "sole" of Noll. Without the people BNI would have no reason to exist.

Administration

Among the many duties of the BNI administration is student discipline, classroom efficiency, extra-curricular affairs and academic scheduling.

Seems like a lot right? Well at BNI we have some great people on our administration team. The two assistant principals are Rev. Edward J. Moszur and Mr. James L. St. Amour. Mr. Dennis Fech heads up our deparmtnet of community relations and is our Development Director. Rev. Patrick Connolly leads the team as the principal of BNI.

These men work very hard at the educational process of BNI's students. They also work hard at making BNI an effective family community.

It is a family in the sense that w care for Noll and what it stands for. We care about each other just as our administration cares about Noll's students.

Getting involved—that's what makes the BNI faculty so special and unique! Coaching teams, sponsoring clubs and spending numerous hours in the classroom is only part of the love and care the teachers have for their job and the individuals they work with.

The faculty at Noll is that of the highest quality. Every faculty member can relate to their students through understanding and relating their own experiences, giving the students an open outlook on education.

Looking for the betterment of the student, teachers help the students develop into fine young Christian adults. Teachers are involved with the Apostolic Program and retreats. Through this devotion the teachers help to create a closer relationship with themselves, students and God. The teachers concern for the well-being of the student is proven through their attention and support. Through their love and understanding, the teachers help design a bond of fellowship between teacher and student.

SPECIAL AWARDS

STUDENT SERVICES

If there is ever a problem or question that you may have concerning a certain subject or career, Student Services is the place to go.

Student Services is not just any ordinary office, it's Mr. Kalich, Sr. Elizabeth Ann and Sr. Rosemary Desmond helping the members of the Bishop Noll Community. They help us get the best out of our education, which better prepares us for our future.

Bishop Noll also has Fr. Shulte and Miss Trawinski who lend a helping hand in Student Services when they aren't conducting their Religion classes.

There are many times when personal problems affect our performances in school. When situations like these arise, Student Services is the place to go. All a student has to do is make an appointment with Mrs. Majchereck, the friendly Student Services secretary, who handles all appointments and other paper work that circulates in the office.

ATTENDANCE

Without the attendance office, who would one have to see after being thrown out of English Class? To whom would we give our $2 fines for being out of uniform? Who else of course, but Coach Vlasic, Dean of Boys and Mrs. Smith, the Dean of Girls. Through their experience with students, Coach Vlasic and Mrs. Smith have taught many students the importance of fulfilling responsibilities. This will not only be helpful in school, but throughout our lives.

Mrs. Sredzinski, being the attendance office secretary, is one of the main reasons that the office is so efficient. She has many duties including writing admit slips and answering the telephone. She also does many other jobs that arise throughout a typical busy day in the Attendance Office.

HEALTH

Mrs. Verbish

Since accidents are bound to happen, Mrs. Verbish, BNI's experienced nurse, comes in handy.

Whether it is applying a bandage, taking a temperature or just offering a little bit of sympathy for a headache, Mrs. Verbish does it with competence and efficiency.

Thanks to Mrs. Verbish, we have a well run Health System.

LIBRARY

Mrs. Berge

Mrs. Stadola

Noll has two great librarians who work super hard to meet the needs of the student body and faculty. These two librarians are Mrs. Stadola and Mrs. Berge.

Mrs. Stadola has been with Bishop Noll for eleven years, she concentrates on all office and clerical work.

The newest addition to our library staff is Mrs. Berge, who is always willing to help a confused student.

Mr. Bankowski also works in the library. He is the co-ordinator of all the audio-visual equipment that we use at Noll.

Together these librarians, along with their library aides, keep the library well organized and ready for the students' use.

PARA-PROFESSIONALS

Para-professionals are an important part of the Noll Community, they dedicate their time to monitoring both the cafeteria at lunch time and study halls. This year's para-professionals are Mrs. Geary and Ms. Wiess.

MAIN OFFICE SECRETARIES

The main office secretaries devote a lot of their time to Bishop Noll, their day begins at 7:00 A.M. and doesn't end until 3:30 P.M.

As secretaries, they have a great amount of responsibilities such as welcoming and assisting visitors to the Bishop Noll Community, handling registration fees for students, writing receipts for tuition payments, keeping students' records in line and even sorting out the teachers' mail.

The seven secretaries this year are Mrs. Keilman, Mrs. Kumiega, Mrs. Mazerik, Mrs. Morley, Mrs. Quinn, Mrs. Randall and Mrs. Scanlon.

MAINTENANCE

Ever wonder why Bishop Noll is always so clean? It doesn't get clean at the touch of a button or a twitch of the nose, it takes much time and energy by our maintenance staff. The dedicated staff remain in the school building until all the halls and classrooms are left spotlessly clean.

Without our maintenance staff, what in the world would our school look like?

KITCHEN CREW

There is no telling what BNI would do without our dependable kitchen staff, who always seem to satisfy the hungry students with their nutritious food prepared daily.

This year, our kitchen workers provided for us a little something 'extra'—something besides the regular menu. At Christmas time they offered a free Christmas Stocking Raffle. They have also created special ethnic food days, such as Italian Day. Things such as these make lunch more exciting.

SENIORS 1980

Seniors ... We're finally there! Yes, it's been 4 years. (for some it's been 6). Let's look back to our Freshman year ... lots of pudgy looking kids wondering where all our classes were located, and why it seemed we always had a ton of books to carry while all those big kids seemed to be carrying all but 1 book! WHEW! Those days seem just like yesterday.

A lot has happened since those 4 years past. We've all changed. Not only Physically but mentally. The wonderful retreats, experiencing 3 basketball sectional titles and just being part of the rowdiest class Noll has ever had, is evidence of what happens when great individuals are united.

Yes, we've been through many memorable years, and then it was time to walk upon that magnificent stage to receive that glorious diploma which was a symbol of hard work and accomplishment. This was a bittersweet time for all; saying good-bye to great friends and going on to bigger and better adventures. No matter how much bigger or better, the years at Noll will always stay with us; in our hearts and in our minds.

Yes, it was a great experience, a great class; The Senior Class of 1980.

The Class with Class!

SENIORS . . . ARE SPECIAL!

COMMENCEMENT MAY 30, 1980

BACCALAUREATE

To the sounds of **Pomp and Circumstance** the 311 members of the class of 1980 entered the BNI Fieldhouse. The most Reverend Bishop Andrew Grutka delivered the commencement address, in which he stressed the importance of education in the future of the seniors.

Jeffery Stack, Valedictorian, and Randle Mannion as Salutatorian addressed the seniors sharing their thoughts on graduation.

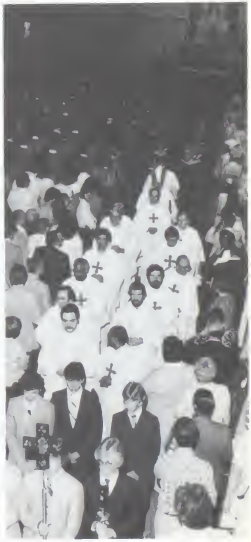

As the last senior received his diploma, the seniors moved their tassel from the left to the right side, signaling their new status as alumni.

To the sounds of **Stars and Stripes Forever,** Bishop Grutka followed by the Administration, faculty and Junior honor guard led the procession of new graduates out of the fieldhouse and into their future.

'81—On the way to #1

Junior class, you are the next contestant on the new game show, **"Receive Your Diploma"**. The grand prize of the game is 81 plastic coated Bishop Noll diplomas signed, sealed, and delivered. But before you win the grand prize; you can only do it if .....

"The Grades are Right." Let us now pause for a commercial break.

Three years have passed, and now we must approach the Bishop Noll assembly line. The Junior class will have no rejects or loose parts for we are guaranteed by the "Togetherness Policy". We began our Freshman year socializing with only our grade school friends, but as time progressed, so did we. Today our class has matured into one family. We are sprouting sapplings growing day by day and for each microsecond, there is a change in effect.

Junior year is a time for those tormenting growing pains and we all must come to realize that we are too old to attend Freshman-Sophomore Mixer, yet, too young to wear a "Seniors do it Better" tee-shirt. We all wait impatiently for the days of 1981 to arrive when we will finally have the authority to misdirect the Freshmen to the fourth floor. Oh, what a feeling it will be to have reached the peak of our secondary schooling! Memories of our Junior year naiveness will also be recollected. However, a feeling of tension runs up our spines when we must let go of those memories and strive ahead in that wild "Rat Race", we call world. And now to return to our program .....

So, Ms. Doe, you say that you are only a Junior? That disqualifies you from this game, for you are a year too young to receive a diploma. Wait until next year when you can participate in the all new and improved **"Receive Your Diploma".**

The Mighty Sophomores

The time has come and past, and the Class of '82 is no longer considered to be "Freshies," here at Noll. We've been warmly welcomed into the Noll community; just as everything is.

We sophomores have contributed much to Noll, in other words we are full of action and excitement!

The class of '82 is a great class who totally supports the upperclassmen with their participation and enthusiasm. They exhibit their spirit at the winning competitions that take place during the school year.

Each individual sophomore has contributed a great deal of their own personal devotion and dedication to that which is believed to be one of the finest scholastic and athletic institutions in the region.

The Sophomore Class is very proud of its athletes, but there is more to the sophomores than athletic talents, there are also the academic challenges open to sophomores which are as competetive as athletic events, such as the Noll Speech and Debate team, the School Band, the Sophomore Math Club, the JourNoll and Marquette staffs.

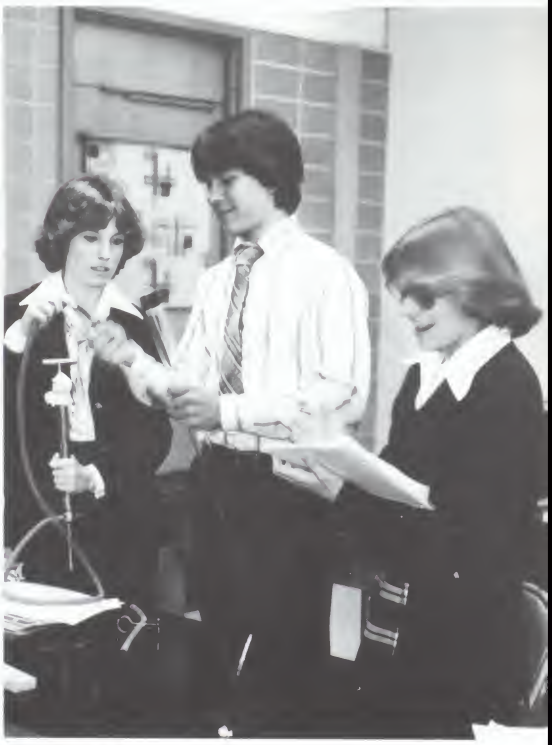

The Sophomores have sponsored Freshmen/Sophomore class mixers and gym nights which has enabled the underclassmen to feel more at home and become more easily adjusted to their new environment.

Behind the smile of the members of the Class of '82 is the inner beauty and sparkling personality that makes a sophomore truly "mighty."

SPIRIT OF '83

As the fershman class first came to Bishop Noll in August , they were already distinguished by their large size. There has not been a class as large as the class of '83 in several years. Yet, they soon distinguished themselves with thier own abilities. On the football field, the freshman were winners to the very end without losing a game all season. On the basketball court, they still couldn't be beat. Both the A and B teams were undefeated to the end of the season 36-0.

The freshman class is not only a winner in athletics but in spirit too, or at least trying. Their Homecoming float won thrid place though it never got out of the parking lot. But did that stop this spirited class of '83? No, they just walked through the whole parade.

The class of '83 is extremely active in other phases of school activities. From being in the play and musical to selling daffadils for the Cancer Society, dedicated freshman could be found working hard. With its great leadership, participation, and drive, the class of '83 are winners.

Joe,
Upon the kind of guy who can't sit down without breaking something. Seriously Joe, your one hell of a rowdy time and I wish you luck as editor of Jour Nall and in your attempts at making floats (HA HA). One thing is, that when I run for office I sure as hell don't want to have to run against you (I'd hate to see you lose HA HA)
Good Luck!!
Lots of Success!!
Dave J.

the '80 MARQUETTE

THANKS YOU

for STEPPING in Bishop Noll

during the '79-'80 school year.

Dear Joe,

We have just met, but I wish I had known you before. You're a really sweet guy, and a super-fun person. I hope to see a lot more of you. (don't get the wrong idea). Good luck in the future, in St. council, and I hope we can become really close.

Love,
Karyn

Dear Sleeper,
Don't do anything to Brad
& wouldn't. Win State
this year in Radio - or something.
Stay the way you are - perverted,
forever.
Love,
Cindy

Joe,
You've been a great friend,
we've had a lot of funtimes.
Im glad I got to know you and
we've stayed such good friends
throughout the years. Good luck
in the future, you'll need it!
Love,
Carolyn

Joe,
Hi, how are you, all
I have to say is
that you are a real
sweetie. I really cherish
our friendship because
you are so sweet
Please always remember
me cause for sure
I'll always remember
you.
Friends always

Joe,

I didn't know you much last year but did get to ~~as~~ know you better this year. You are a wild and crazy Chicano man with hairy knuckles. Never give up that disposition. It fits you. I just wondered how's the quarter back at Munster. Understand yet. You're a Space Cadet!! Well Good luck in the future.

Friends Always,
Monica

To Joe -
The message may fade from this yearbook but you will never fade from my heart...

Best Wishes

To Joe,

The most sweetest, lovable, perfect guy of the whole Sophmore class. We've had a lot of fun together, (although we have been married & divorced several times) I hope we continue the fun we've had, because I don't have as much fun without you. Remember me always, I could never forget you. Love always,

Cathy Fuller

Joe,
You're a cutey!
I don't even forget all the fun times. Hope we stay friends. I'll miss you.
Love ya,
Trice
Luv ya

To Joe,
One of my favorite people, who I am sure will grow to be as good a man as his dad. Luck. Love
Aunt Georgia

To Joe,
You're real nice & real cool. Remember all the float parties you never came to. I hope we'll always be friends because I like you alot (as a friend) stay cool.

Love,
Carolyn Baker
